# WELCOME FROM THE CHAIR

On behalf of Indigenous Sport & Wellness Ontario (ISWO), welcome to the 2023 Masters Indigenous Games! The Masters Indigenous Games were founded to meet the growing need for competitive sport for adults 20 years of age and up. The Games encourage mature individuals to be active, with the awareness that competitive sport can continue throughout life, contributing to increased health and wellness.

The Masters Indigenous Games (MIG) ensure that all Indigenous peoples, of all ages can have a place to meet, play and build friendships. Moreover, the MIG provides a platform for the celebration of Indigenous sport achievement and cultural heritage. Indigenous Peoples need more opportunities to collectively showcase their abilities and accomplishments while contributing to their own wellness. Events like the MIG are about more than just sports, winning and losing; they are about the game of life, reminding us to live and play well. Sport brings us together in unity and heals us through camaraderie, teamwork and celebration. While COVID-19 halted the hosting of these Games and postponed their delivery, ISWO is excited and thankful for your participation in these Games and look forward to hosting you again in 2025.

ISWO appreciates your supportive and collaborative efforts as it is your participation that will make these Games a success. Whether you're an athlete, a cultural performer, vendor, volunteer, Honoured Guest or spectator, your participation has contributed to an important movement, one that we will continue to build on in the coming years.

Miigwech / Nya:weh / Merci / Thank You

**Marc Laliberte,**  
President, Indigenous Sport & Wellness Ontario (ISWO)

# ABOUT ISWO

Indigenous Sport & Wellness Ontario (ISWO) is the designated Provincial/Territorial Aboriginal Sporting Body (P/TASB) for Ontario, serving all Indigenous Peoples across the province.

Primarily funded by the Ministry of Tourism, Culture, and Sport, ISWO works to serve all Indigenous Peoples and communities, including First Nation, Inuit and Métis, across the province of Ontario, in an equitable and fair manner.

ISWO is an effective provincial body, with regional delivery systems, tailored programming, a culturally based framework, competitive and recreational sport opportunities, and leadership development initiatives for Indigenous youth and communities across Ontario. ISWO plans, delivers and supports dozens of programs, tournaments, workshops, and events for Indigenous youth across Ontario each year, including multi-sport, cultural and leadership camps, sport clinics, invitationals, championships, the Ontario Summer Indigenous Games, youth leadership program, tryouts and skill development for Indigenous Team Ontario and the selection and delivery of Team Ontario to the North American Indigenous Games.

ISWO believes that sport has the power to change lives, improve wellness, promote culture and provide opportunities for personal growth and community development, but knows that it cannot do it alone. ISWO strives to work with communities, organizations, and stakeholders from across Ontario and beyond, to find solutions and increase the wellbeing of Indigenous Peoples, in every aspect of their lives.

# ABOUT MIG

On the heels of a successful North American Indigenous Games (NAIG) and in continuation with the theme of sport and physical activity for life, ISWO, (formerly the Aboriginal Sport & Wellness Council of Ontario) launched the Masters Indigenous Games in 2017, with its first-ever event hosted at Downsview Park in the summer of 2018. The Masters Indigenous Games were founded to meet the growing need for competitive sport for the aging population. The Games encourage mature individuals to be active, with the awareness that competitive sport can continue throughout life, contributing to increased health and wellness.

MIG was scheduled to take place in 2021 and 2023 within the greater Ottawa region, but due to the COVID-19 pandemic, events were postponed until it was safe to do so. ISWO is thrilled to share that in addition to the MIG being in Ottawa in 2023, the Games will return to Ottawa for the summer of 2025 as well. Prior to the next MIG, ISWO will embark on hosting a series of MIG “Tour” events to encourage participation in sport among the Indigenous population over the age of 19. ISWO welcomes your continued support, feedback and participation in these Games as we strive to build a strong community of Masters athletes!

For Indigenous adults, the MIG will continue to be an opportunity to get physically active, engage with community and participate in competitions, with a focus on culture and a celebration of Indigenous wellness. And like the NAIG, the Masters Indigenous Games will shine the spotlight on the achievements of Indigenous athletes, leaders, and everyday people, making a difference in their own lives and the lives of others through a commitment to wellness.

# MIG 2023 OVERVIEW

## CLOSING CEREMONIES

Another new addition to the MIG this year is the Spirit Awards. We'll be honouring one MVP from each division of every sport for their sport skill and for embodying the true spirit of sportsmanship. Each Spirit Award will be a unique, handmade item locally made by Indigenous artisans.

Spirit Awards will be handed out during the closing ceremonies at Lansdowne Park.

The graphic features a purple and yellow background with a stylized Indigenous logo in the top right corner. The logo includes a feathered headdress and the text 'MASTERS INDIGENOUS GAMES OTTAWA 2023'. The main text 'SPIRIT AWARDS' is in large, bold, yellow letters. Below it, smaller text reads: 'Sport-specific MVPs will be selected for each division with recipients receiving recognition at the closing ceremonies, on the MIG website, and via MIG social media channels.' At the bottom, it says 'DO YOU HAVE WHAT IT TAKES? #EmbodytheSpirit' and 'mastersindigenousgames.com'.

From there, the Pow Wow will get underway. This will be lead by the Grand Entry consisting of the Lighting of Sacred Fire, Flag Song and Veteran Song. Then, the Pow Wow will feature drum groups leading exhibitions, intertribals, and money spot dance.

Building off of the first Gala hosted as a part of the 2023 MIG, the 2025 MIG will feature a formal opening ceremony and gala that celebrates the athletic achievements of Indigenous peoples across our country both on and off the field of play. It will also recognize the significant contributions of organizations and businesses that

A formal process for nominations will be released by MIG in late 2024.

## ROAD TO MIG

As a means to encourage participation in sport, culture and physical activity for adults, ISWO is undertaking the hosting of a series of single and multi-sport competitions from early 2024 to the spring of 2025 “On the Road” to the 2025 Masters Indigenous Games.

These competitions will be open for communities to host and feature events and activities reflective of their community and culture. ISWO will be releasing further details via its website and social media channels on how various communities can become involved.

The Road to MIG 2025 will feature competitions, culture, partnership, and corporate sponsors from all sectors, supporting a variety of organizational priorities and initiatives. In addition to event competitions, there will be opportunities to support Indigenous health and wellness; Indigenous culture, Indigenous participation in sport; or more broadly, the journey of reconciliation; the events leading up to the 2025 Masters Indigenous Games will provide opportunities and experiences for everyone.

ISWO is excited to announce that our first partnership for hosting a Road to MIG Tour event has been formed with the Good Games in Guelph, Ontario. This event will take place from July 6-7, 2024 at the University of Guelph. MIG will be bringing a series of Indigenous MIG sporting events and culture in the “Spirit of Reconciliation”
